

# THOUSANDS PANIC STRICKEN IN CITY OF CHIHUAHUA

## Federal Troops Evacuate the Metropolis of Northern Mexico

### ONE MONTH MORE FOR PAYMENT OF COUNTY TAXES

THIRTY DAYS IN WHICH TAXPAYERS HAVE TO MEET OBLIGATIONS.

The state tax commission still has a string on the tax rolls of Yuma county. In other words, the assessments made by the assessor and passed upon by the county board of equalization are still subject to changes. The rolls ordinarily would have been in the hands of the county treasurer before this date, and the regular card notices would have been mailed by that official several days ago, but the tax commission at Carson City has ordered the county auditor to hold the rolls until Saturday, November 1.

Taxes are due and collectible on Monday next, and the system of the state commission in holding the books so long is going to make it hard for the auditor's office to carry out the rolls and for the county treasurer to get the notices out in time.

The total valuation of the county, as found by the assessor, for 1913, was \$5,070,196.32. The county equalizers changed this total to a rather immaterial extent. The state tax commission, as Bonanza readers have been advised, has decided to add greatly to the valuation.

The county assessor's figures in values are divided as follows:

Pioneer	\$40,185.00
Beatty	18,223.00
Round Mountain	125,060.00
Tonopah	2,056,768.88
Manhattan	273,615.00
Rhyolite	205,891.01
Outside	2,128,801.43

At stated, taxes are due on November 3, and can be paid any time up to December 1. At least half must be paid by the latter date, otherwise the whole of the year's taxes become delinquent.

### INSULTS WOMEN AND IS PINCHED

#### MINER STIRS UP A ROUGH HOUSE LAST NIGHT AND IS THROWN IN JAIL.

Charles Medley, employed on the Halifax, got into trouble last night at the Grand Central and landed in jail at midnight. Chief of Police J. J. Burns, who lives close to the hotel, was called near the hour to stop Medley from misbehaving, and after some difficulty brought the man to his residence with a promise that he will behave to see Justice Dunseath this afternoon.

Medley paid a board bill of \$86 during the afternoon and then went down town, where he bowled up and returned during the evening to the lodging house. He began abusing the women employees of the house, and finally became so obnoxious that the police had to be summoned.

#### INDIAN AGENT DEAD.

LAWRENCE, Kan., Oct. 31.—Col. John B. Franklin, for many years head of the Crowfoot Indian agency in Montana and a veteran of the civil war, was 75 years old.

### Killed Trying To Save a Dog

By Associated Press.  
CHICAGO, Oct. 31.—Gaston Stevens, a wealthy resident of a suburb, was burned to death early today trying to save a dog. When they returned from a visit to friends they found their home in flames. Both entered to find the dog and were caught by the collapse of the roof.

### Tonopah Mining Weekly Report

The report of the Tonopah Mining company for this week is better than it has been for a month, with a total tonnage of 3579 treated of an average value of \$15 a ton and 97 stamps dropping. The bullion shipment was 35 bars, valued at \$55,000, and 24 tons of concentrates valued at \$14,000, making a total of \$69,000. Last week the bullion shipment was \$48,500, the previous week the returns for bullion and concentrates was \$63,750, and the previous week \$47,000.

### DIAZ PUTS TO SEA ON WARSHIP

#### LEAVE ON BATTLESHIPS FOR DELIVERY TO CUBAN MAIL STEAMERS.

VERACRUZ, Oct. 31.—Felix Diaz and party put to sea today in the battleship Michigan, where they were transferred from the flagship Louisiana.

WASHINGTON, Oct. 31.—The Diaz party is bound for a point off Progreso, Yucatan, where the members will be transferred to a New York and Cuba mail steamship.

The Michigan will reach Progreso tomorrow. The ultimate destination of Diaz is unknown.

### OBSERVANCE OF HALLOWE'EN THIS EVENING

#### NIGHT OF MERRYMAKING FOLLOWED BY SERVICES IN CHURCH.

This is the night when ghosts and sprites are supposed to indulge in uncanny revelries in honor of Halloween, but Chief of Police Evans wants the boys to understand there is a limit to funmaking. So far as purely innocent enjoyment goes there will be no interference, but as soon as any one attempts malicious mischief, like carrying off gates or destroying property, they will be pinched. Four officers will be on watch until after midnight, and offenders will be treated severely. Last night the boys celebrated clothes-line cutting, but the officers kept the games on the run, so the damage was slight.

Tomorrow is the Feast of All Saints in the Catholic calendar and mass will be celebrated at 9 a. m. at St. Patrick's church, with evening devotions at 7:30 o'clock. Sunday is the Feast of All Souls, but the ceremonies incidental to the observance have been transferred to Monday, when a solemn requiem high mass with a full choir accompaniment will be celebrated by Father Flynn. There will be rosary in the evening at the usual hour. Sunday morning Father Flynn will speak on the festival at high mass.

#### PIONEER OF KLONDIKE DYING IN OAKLAND

Private advices received by Tonopah friends state that James Court, former partner of Judge Bell when the latter was operating in Klondike with Jim Butler before the discovery of Tonopah, is dying slowly in Oakland from a cancerous affection.

#### TEMPERATURE REPORT.

Highest temperature yesterday, 60 degrees; a year ago, 59.  
Lowest temperature last night, 45 degrees; a year ago, 27.

### NEVADA IS GIVEN BEST SITES AT BIG FAIR

#### PLANS FOR CONSTRUCTION OF BUILDINGS TO BE GONE AHEAD WITH AT ONCE.

RENO, Oct. 31.—Governor Oddie and George T. Mills returned this morning from San Francisco, where they spent a week arranging preliminary matters in connection with the Nevada exhibit.

Nevada has fared better than most of the states and as well as any in the matter of choice locations and space accorded for exhibition purposes. Five thousand feet of space was secured in the mining building, and an application was filed for space in the building that will house the stock and pure food exhibits.

The Nevada locations are choice, being right along the waterfront and adjoining some of the finest buildings that will be constructed.

Plans for the Nevada buildings will be drawn at once, according to Commissioner Mills, and construction work will be started as soon as possible after the plans are accepted and contracts let. The work is to be done by Nevada labor.

Work on the exposition grounds and buildings is proceeding rapidly, according to the commissioners. The machinery building will be finished in about 20 days and will house some of the largest machinery in the world.

The concessions all have been sold, some of them bringing fabulous prices. As an example, Sonator Mills cited the sale of the privilege to dispense peanuts on the exposition grounds. It was disposed of for more than \$200,000.

The Nevada commissioners beat the Kansas commissioners out by a neck for the choice of locations, the Kansas representatives arriving in San Francisco the day after the Nevadans made their appearance. Kansas and many other states are clamoring for more space and better locations and the commissioners say that there is no doubt that every available inch of space will be reserved.

### TONOPAH FOOT BALL TEAM BRUSHING UP

#### BOYS GET READY FOR THE NEXT SCRIMMAGE WITH GOLDFIELD.

Wednesday evening the high school football team lined up against the old stars and were beaten by a score of 18 to 12. The boys have developed wonderfully in the past two weeks and are now playing a fairly good game of football.

On November 8 the team lines up here against Goldfield for the second game of the series of three arranged between the two teams. Goldfield won the first game by a score of 21 to 6 and the Tonopah team has been working faithfully to reverse the score. The game here will be the last played in Tonopah this season and the high school boys are determined not to be beaten on their own grounds. Several changes will be made in the line-up of the last game and a team far superior to the one which played Goldfield is being developed by the coaches and friends of the local school. A fast and interesting game is sure to result from the improved teams of both schools and it is the aim of the coaches to see that the game is as clean and interesting as possible.

#### TWO YOUNG MEN ARE HANGED FOR MURDER

By Associated Press.  
SALEM, Ore., Oct. 31.—Mike Spinos, 21, a Greek, and Frank Seymour, 19, an American, were hanged in the penitentiary today for the murder of George Dedasklou. Both spoke on the scaffold, asserting their innocence.

### Second 10-Cent Dividend Paid By the Nevada Wonder Mine

The Nevada Wonder Mining company of Wonder has declared the second dividend of 10 per cent, the first having been declared about six months ago. This dividend will be payable to the stockholders of the company next Friday.

The Nevada Wonder books will close today, to open again on November 8 for dividends. They will be reopened again on December 4, following the annual meeting of the stockholders, which is advertised for December 3, in Philadelphia.

This second dividend of 10 per cent proves that the mine's production is moving along according to the sanguine expectations of those behind the company, who are sure that this semi-annual increment will be a usual thing for the company stockholders for many years. The mine has permanence and uniform values and the milling facilities have been developed to a point near perfection. This property is one of the substantial bullion contributors of the state.

### JEWELRY ROCK COMING FROM TOKOP CAMP

#### SPECIMENS THAT RUN AS HIGH AS ONE HUNDRED THOUSAND A TON.

Reports from the recent find of jewelry gold ore at Tokop, in the Gold Mountain district, are conflicting, but there are numerous evidences of rich rock to support the claim that a pocket of high-grade was opened in the district, 28 miles southeast of Goldfield. During the past week several cars have been chartered for that district by Tonopah men, but none of them succeeded in bringing back more than small specimens that are equal to the richest ever seen in this camp.

John Dilks, of the Power company, took a run out there the other day and had no difficulty in finding specimens which were freely presented by the Widow Anderson, who is credited with opening a pocket that realized \$1500. Mrs. Anderson is an old-timer, having been in that country for eleven years, or since the boom was on there before the discovery of Goldfield. She and her two daughters have been making a living from picking up rich float which abounds in that part of the country. The latest find which has stirred prospectors in Tonopah and Goldfield was made some two weeks ago, and since that time it is said that \$40,000 in samples has been marketed in Goldfield. Last week a colored man brought in a sack of specimens that sold for \$1400, the value of the gold content, although judges of the rock say it was worth five times that sum for jewelry purposes, as it takes a fine polish and the gold stands out clear and distinct in white porphyry. The choice quartz runs \$100,000 a ton.

The rock is found in a big dike that runs east and west three miles north of old Tokop camp, which is said to have produced a million dollars during the rush into the Gold Mountain district years ago. Prospectors have little show, as every foot of ground was located and the assessment work has been kept up without any attempt at systematic development. Billy Ralston and a party from Tonopah went out last Sunday but failed to land anything.

### THIRD DEGREE FOR COLUMBIAN KNIGHTS

#### TONOPAH AND GOLDFIELD UNITE IN CONFERRING HIGHEST HONORS IN ORDER.

P. J. Reilly, financial secretary of Goldfield council, Knights of Columbus, was in Tonopah last night for the purpose of attending a meeting of Tonopah council to arrange for conferring the third degree at a joint meeting to be held in Goldfield on November 30. This is change Sunday in both camps and the members of the order are looking forward to the event with great expectation. Tonopah has a class of 30 candidates and Goldfield claims to have enough to fill out an even 50.

The officers who will confer the degrees have not been selected.

No trouble to get anything in the world with a Bonanza want ad.

### PACIFIC TRADE IS WORTH OVER TWO BILLIONS

#### PRIZE WORTH STRIVING FOR IN THE MARKETS OF THE WORLD.

WASHINGTON, Oct. 31.—An intimation of the vast trade to be brought close to the doors of American manufacturers on the opening of the Panama canal was issued today in a statement of the world trade done by countries on the shores of the Pacific. Imports into various Pacific ports in 1912 exceeded two and one-half billion dollars, and the consuming power of these countries virtually doubled in a little more than a decade. The United States is getting a normal share of this trade, but the percentage it supplies of imports shows comparatively little change.

### CLEO STERLING ACQUITTED OF A MURDER

#### HYSTERICAL SCENE IN COURT WHEN THE VERDICT IS RENDERED.

SACRAMENTO, Oct. 31.—Cleo Sterling, aged 20, was acquitted of the murder of Cherry St. De Maurice, "Queen of the Sacramento Tenderloin," today. The jury, composed of old married men, returned a verdict at midnight, being out one hour. The crowd rushed to congratulate them, women hugging and kissing and men shaking the hands of the jurors.

"I am going home to my folks at Eureka," the girl said.

Sam Raber, sentenced to be hanged for complicity, said she planned the robbery that resulted in the murder. Jack Dromgoole is facing a second trial.

### SALOON BURGLAR TAKES ONLY CASH

#### HUB LOSES TWENTY DOLLARS TO A DISCRIMINATING THIEF.

When Herbert Milks opened the Hub saloon this morning he found his cash \$20 shy, without any explanation of the shortage. Milks closed at midnight and left everything safe and snug, and he cannot account for the disappearance of the money. The liquors and cigars were not touched, so it would seem that the miscreant who entered was looking for nothing but money.

Before leaving the intruder opened the gas tank which supplies the beer faucets and left it open. There was no evidence of a forced entry, as the doors and windows are intact, and it is supposed that the thief hid himself before the closing hour and saw Milks put away the change. A bear-skin coat hanging behind the bar was not touched.

### ATROCITIES GROWING LIFE IS IN JEOPARDY AT ALL POINTS

(By Associated Press.)

DALLAS, Texas, Oct. 31.—El Paso advices today say the federals evacuated Chihuahua yesterday, leaving the city open to capture by Pancho Villa's rebels. Thousands of Mexicans and Americans, unable to board trains, are reported panic-stricken. They are unable to escape and in fear of being killed.

MEXICO CITY, Oct. 31.—Rebels attacking Monterey for several days have been driven from the vicinity, according to telegrams received here today.

SAN LUIS POTOSI, Oct. 31.—Six hundred revolutionists tortured and killed 47 out of 50 mounted policemen sent to protect a ranch near here yesterday. Three escaped and returned here.

### EASTERN GUEST MEETS MINING OPERATORS HERE

#### PHILADELPHIA FINANCIER ENTERTAINED AT A BANQUET IN THE MIZPAH.

J. M. Wynne, secretary of the John W. Sparks & Co., the leading brokerage and banking house of Philadelphia, which handles more Tonopah stocks than any other firm in the Quaker city, is the guest of Arthur Lawry at the Montana mine. He arrived yesterday morning and spent the day renewing his acquaintance with the mines and prospects of the district.

Last evening he was entertained by James C. Robertson, the broker, who invited the mine superintendents of Tonopah to gather around the banquet board at the Mizpah, where they remained until after midnight, rehearsing experiences, principally underground, in mining countries of the world.

The guests were Fred Bradshaw, John G. Kirchen, Arthur H. Lawry, J. W. Chandler and Thomas Lynch.

This morning Mr. Wynne and Mr. Lawry went down to the Merger to see the exposure of ore in that property. They were accompanied by John G. Kirchen and Thomas Lynch. The party went down to the 1170 and, going west from the place where they first struck ore, they followed the drift for 600 feet, in which the only lean spots did not comprise 120 feet, and watched the men putting in stulls 14 feet and 16 inches wide that will serve to give an idea of the vein. Beyond the hanging wall the ledge is entering the Victor, with indications that another parallel ledge will be opened. This afternoon the party visited the Montana, of which Mr. Wynne is a director.

### Autoist Killed By Burst Tire

(By Associated Press.)

LONDON, Oct. 31.—Percy Lambert, holder of many world's automobile speed records, was killed today trying to break the one-hour record. A tire burst while he was traveling at the rate of 114 miles an hour.

#### SERVING SUBPOENAS THROUGH THE MAILS

CLEVELAND, Ohio, Oct. 31.—After a month of operation, Municipal Court Bailiff Charles L. Sulzer announced that his plan of subpoenaing by mail had demonstrated its great superiority over the old method of personal service.

#### SHRINERS TO INITIATE

Members of Kerak temple of the Mystic Shrine of Reno will go to Elko on Thanksgiving day, where a class of 25 members will be initiated. The Shriners will leave Reno in a special train.

### WILSON'S WIFE LOOKS AFTER FEDERAL GIRLS

#### VISITS DEPARTMENTS AND SUGGESTS CHANGES IN APPOINTMENTS.

WASHINGTON, Oct. 31.—Mrs. Woodrow Wilson has taken an active interest in the betterment of the conditions of girls and women who work in various government departments. She toured the printing office yesterday, concealing her identity.

It is understood she urged the president to help improve conditions, particularly for increased space in the rest-room. She also urged the postmaster general to improve the mail bag repair department to prevent disease germs affecting workers.

When Public Printer Ford heard today of Mrs. Wilson's visit he discharged H. E. Terry, the messenger who conducted her through the building, because he did not bring her to headquarters.

Terry said she refused, saying she desired no special attention. Ford held the failure to be a breach of discipline. Mrs. Wilson interceded and, after Secretary Tumulty gave directions, Terry was reinstated.

#### VIRGINIA CITY PIONEER DIES IN SAN FRANCISCO

A message from San Francisco announced the sudden death of Alex Lamb, for many years a well-known and respected resident of the Comstock. No details are given of the demise of Mr. Lamb, except that he dropped dead, the circumstances being unknown by his relatives. Deceased was an old-time miner, having located on the lode in 1858 and residing there continuously up to five years ago.

#### DREADED DISEASE EPIDEMIC THROUGHOUT ELKO COUNTY

Dr. W. H. Hood of Elko has issued a statement regarding the prevalence of infantile paralysis. He gives the number of cases of this dread disease existing in Elko county at about 50 and sounds an alarm that should be heeded everywhere within the state. Deaths have resulted in Elko from this malady, a youth 20 years of age passing away last week.—Elko Press.

#### CHARLES ALDEN'S STOCK THROWN ON MARKET

J. Fred Brown received a wire this afternoon from his correspondent in New York reading: "West End liquidation for account of Charles Alden, Boston; 45,000 shares of West End. Worst ever." This explains the heavy forced selling of yesterday, which could not be accounted for by any of the local brokers.
